

**REMARKS**

In response to the Official Action dated 4/7/2005, the above-identified application has been amended. Review and reconsideration are requested in view of the above amendments and following remarks.

Applicant has amended the claims accordingly and believes the claims now overcome the rejections thereto. Applicant appreciates the indication of allowance of claims 4, 6 and 8 and these claims have been amended to include the intervening claim language and are in condition for allowance.

Further, the claims 1-3, and 5 have been amended to further define the biasing means to be spring biasing means. The spring biasing means is believed to provide for enhanced performance. This is not shown in the cited art and also believed to be patentably distinct over the art of record. Withdrawal of the rejections of claims 1-6 and 8 is therefore respectfully requested. Allowance of claims 1-6 and 8 is requested at as early a date as possible. This is intended to be complete response to the Official Action dated 4/7/2005.

Respectfully submitted,

R. William Graham, 33891
